

CITY COUNCIL AGENDA

Date: May 13, 2014

TO: City Council

FROM: June Overholt, Administrative Services Director/Deputy City Manager

SUBJECT: Report of Investments for March 2014

RECOMMENDATION: The City Council receive and file the monthly *Report of Investments*.

JUSTIFICATION: State law requires that a monthly report of investments be submitted to the Governing Legislative Body.

BACKGROUND/ANALYSIS: This report includes investments on hand at the end of March 2014. As of March 31, 2014, the City's operating funds totaled \$72,260,679. Included in Successor Agency operating funds is \$744,750 of restricted CRA bond proceeds that are on deposit with LAIF and reflected separately on the Summary Schedule.

As of March 31, 2014 approximately 39% of the City's unrestricted cash balances were invested in investments other than LAIF.

The March Investment Report includes the following documents:

- Summary Schedule of Cash and Investments
- Operational Portfolio Individual Investments
- Individual Investments with Fiscal Agent
- Investment Report Supplemental Information

Staff is reviewing the strategy for utilizing an investment advisor with the Budget & Finance Council Sub-committee. Preliminary review indicates this approach may not be cost effective or provide the return on investment expected.

FISCAL DATA: The latest reports from the State indicate that the average interest achieved by the Local Agency Investment Fund (LAIF) was 0.236% in March, which showed no change from February. The average rate for all investments in March was 0.375%.

City of Banning

Investment Report Supplemental Information

Pooled Cash Distribution

Investment reports for cities typically do not include the cash balance of the individual funds that make up the total pooled cash. This is primarily due to timing differences between when investment reports are prepared and when month end accounting entries are posted. Investment reports are usually prepared first. However, the pie chart below provides an understanding of the percentage distribution of the investments by fund type. The percentages were calculated using the average cash balances from the twelve month period of January 2013 to December 2013. *(The percentages will be updated quarterly.)*

The Table below describes the funds that are included within the Fund Types used for the pie chart.

Fund Type	Description of funds
Governmental	General Fund
Special Revenue	Restricted Funds (i.e. CFDs, grants)
Capital Improvement	Development Impact Fee funds
Enterprise	Airport, Transit, Refuse, Electric
Banning Utility Authority	Water, Wastewater, Reclaimed water
Internal Service	Risk Management, Fleet, IT, Utility Services
Successor Agency Funds	Previously called Redevelopment Agency

Summary Schedule – Line item descriptions

Petty Cash –

The City maintains petty cash in various departments for incidental purchases. This line item includes the cash drawers for cashiering in utility billing.

Bank Accounts –

- **Wells Fargo Bank** – This is the City checking account. All cash receipts, payroll and accounts payables checks are processed through this account. Balances fluctuate based on activity and cash flow needs. As excess funds accumulate, they are transferred to LAIF to increase earnings.
- **Bank of America – Airport** – The City maintains a Trust account for credit card purchases made at the airport. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.
- **Bank of America – Parking Citations** – The City maintains a Trust account for the processing of parking citations through Turbo Data. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.
- **Bank of America – CNG** – The City maintains a Trust account for credit card purchases of CNG fuel made at the City yards. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.

Government Pools –

- **Local Agency Investment Fund – Account #1**
 - This account includes both City pooled funds and a restricted cash balance related to the CRA bonds. Investments in LAIF are limited to \$50M.
- **Local Agency Investment Fund – Account #2**
 - There is currently no balance in this account.
 - Note: When the State established the cutoff date of January 31, 2012 for the elimination of the Redevelopment Agency, LAIF staff recommended a transfer of the available balance from the CRA account to the City account to protect the funds from a rumored State raid or freezing of the funds.

Restricted Operating Funds at Riverside Public Utilities –

The City Electric operation has an agreement with Riverside Public Utilities (RPU) to purchase power for the City. Part of the agreement requires that the City maintain a balance in the trust account used by RPU. The City does not control the investments or earnings of the trust account.

Restricted Operating Funds at California ISO-

The California ISO facilitates the purchase and sale of the City's electricity. The City participates in periodic Congestion Revenue Rights (CRR) auctions to acquire financial hedges for transmission congestion. In order to participate in the CRR auctions the City was required to have a secured form of financial security in the amount of \$100,000. A cash deposit was placed with Union Bank in March, 2012 to meet the requirements. The account is an interest bearing collateral account.

Summary Schedule – Line item descriptions – Cont.

Restricted Operating Funds at PERMA-

The City participates in a JPA with the Public Entity Risk Management Authority (PERMA), who provides administration for the City's worker's compensation insurance program. PERMA requires the City to deposit funds into an account used by PERMA for the payment of worker's compensation claims. The City does not control the investments or earnings of this account.

Other Investments –

Currently the City works with a Piper Jaffray broker to make various investments per the City policy and in accordance with State guidelines. The Broker is not on retainer, nor do they receive a City paid fee with each investment. Funds in the Money Market fluctuate as securities mature or get called. Staff is in the process of investing the Money Market funds over several months. We will be adding an additional broker to provide more investment options.

Fiscal Agent / US Bank –

Unspent bond proceeds and required bond reserves are invested by the Fiscal Agent in accordance with the bond documents.
