

## CITY COUNCIL AGENDA

**Date:** March 24, 2015

**TO:** City Council

**FROM:** Dean Martin, Interim Administrative Services Director

**SUBJECT:** Report of Investments for January 2015

**RECOMMENDATION:** The City Council receive and file the monthly *Report of Investments*.

**JUSTIFICATION:** State law requires that a monthly report of investments be submitted to the Governing Legislative Body.

**BACKGROUND/ANALYSIS:** This report includes investments on hand at the end of January 2015. As of January 31, 2015, the City's operating funds totaled \$76,858,872. Included in Successor Agency operating funds is \$790,963 of restricted CRA bond proceeds that are on deposit with LAIF and reflected separately on the Summary Schedule.

As of January 31, 2015 approximately 43% of the City's unrestricted cash balances were invested in investments other than LAIF.

The January Investment Report includes the following documents:

- Summary Schedule of Cash and Investments
- Operational Portfolio Individual Investments
- Individual Investments with Fiscal Agent
- Investment Report Supplemental Information

The attached Summary Schedule of Cash and Investments has been updated to show the rate of earnings allowance received from Wells Fargo Bank. The amount earned reduces the total amount of bank fees charged.

**FISCAL DATA:** The latest reports from the State indicate that the average interest achieved by the Local Agency Investment Fund (LAIF) was decreased to 0.262% in January. The average rate for all investments in January was 0.390%.

**RECOMMENDED BY:**

  
Dean Martin  
Interim Administrative Services Director

**APPROVED BY:**

  
James E. Smith  
Interim City Manager

It has been verified that this investment portfolio is in conformity with the City of Banning's investment policy which was approved by the City Council on January 13, 2015. The Treasurer's cash management program provides sufficient liquidity to meet estimated future expenditures for a period of six months. The weighted average maturity of the pooled investment portfolio is 247 days and does not include Bond Reserve Fund Investments.

## City of Banning

### Investment Report Supplemental Information

#### Pooled Cash Distribution

Investment reports for cities typically do not include the cash balance of the individual funds that make up the total pooled cash. This is primarily due to timing differences between when investment reports are prepared and when month end accounting entries are posted. Investment reports are usually prepared first. However, the pie chart below provides an understanding of the percentage distribution of the investments by fund type. The percentages were calculated using the average cash balances from the twelve month period of Jan. 2014 to Dec. 2014. *(The percentages will be updated quarterly.)*

The Table below describes the funds that are included within the Fund Types used for the pie chart.

Fund Type	Description of Funds
Governmental	General Fund
Special Revenue	Restricted Funds (i.e. CFDs, grants)
Capital Improvement	Development Impact Fee funds
Enterprise	Airport, Transit, Refuse, Electric
Banning Utility Authority	Water, Wastewater, Reclaimed water
Internal Service	Risk Management, Fleet, IT, Utility Services
Successor Agency Funds	Previously called Redevelopment Agency

## Summary Schedule – Line item descriptions

### ***Petty Cash –***

The City maintains petty cash in various departments for incidental purchases. This line item includes the cash drawers for cashiering in utility billing.

### ***Bank Accounts –***

When reviewing the *Report of Investments*, please keep in mind that the balances shown on the *Summary Schedule of Cash and Investments* for bank accounts are “statement” balances. They reflect what the financial institution has on hand as of particular date and lists on their statement. They are not “general ledger” balances. General ledger balances reflect all activity through a particular date (i.e. all checks that have been written and all deposits that have been made) and is what we show on our books (the general ledger). The general ledger balance more accurately reflects the amount of cash we have available.

It should be noted that statement balances and general ledger balances can differ significantly. For example – on June 30<sup>th</sup> the statement balance for Wells Fargo Bank could show \$1,000,000, however, staff may have prepared a check run in the amount of \$750,000 on the same day. Our general ledger balance would show \$250,000, as the Wells Fargo statement does not recognize the checks that have been issued until they clear the bank.

For investment decisions and cash handling purposes staff relies on the balance in the general ledger. Staff does not invest funds that are not available. Sufficient funds must be kept in the bank accounts to cover all checks issued.

- Wells Fargo Bank – This is the City checking account. All cash receipts, payroll and accounts payables checks are processed through this account. Balances fluctuate based on activity and cash flow needs. As excess funds accumulate, they are transferred to LAIF to increase earnings. The Summary Schedule of Cash and Investments shows the rate of earnings allowance received from the bank. The amount earned reduces the total amount of bank fees charged.
- Bank of America – Airport – The City maintains a Trust account for credit card purchases made at the airport. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.
- Bank of America – Parking Citations – The City maintains a Trust account for the processing of parking citations through Turbo Data. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.
- Bank of America – CNG – The City maintains a Trust account for credit card purchases of CNG fuel made at the City yards. When the account balance exceeds \$3000, excess funds are transferred to the Wells Fargo Bank account.

## Summary Schedule – Line item descriptions – Cont.

### ***Government Pools –***

- Local Agency investment Fund – Account #1
  - This account includes both City pooled funds and a restricted cash balance related to the CRA bonds. Investments in LAIF are limited to \$50M.
- Local Agency investment Fund – Account #2
  - There is currently no balance in this account.
  - Note: When the State established the cutoff date of January 31, 2012 for the elimination of the Redevelopment Agency, LAIF staff recommended a transfer of the available balance from the CRA account to the City account to protect the funds from a rumored State raid or freezing of the funds.

### ***Restricted Operating Funds at Riverside Public Utilities –***

The City Electric operation has an agreement with Riverside Public Utilities (RPU) to purchase power for the City. Part of the agreement requires that the City maintain a balance in the trust account used by RPU. The City does not control the investments or earnings of the trust account.

### ***Restricted Operating Funds at California ISO-***

The California ISO facilitates the purchase and sale of the City's electricity. The City participates in periodic Congestion Revenue Rights (CRR) auctions to acquire financial hedges for transmission congestion. In order to participate in the CRR auctions the City was required to have a secured form of financial security in the amount of \$100,000. A cash deposit was placed with Union Bank in March, 2012 to meet the requirements. The account is an interest bearing collateral account.

### ***Restricted Operating Funds at PERMA-***

The City participates in a JPA with the Public Entity Risk Management Authority (PERMA), who provides administration for the City's worker's compensation insurance program. PERMA requires the City to deposit funds into an account used by PERMA for the payment of worker's compensation claims. The City does not control the investments or earnings of this account.

### ***Other Investments –***

Currently the City works with a Piper Jaffray broker to make various investments per the City policy and in accordance with State guidelines. The Broker is not on retainer, nor do they receive a City paid fee with each investment. Funds in the Money Market fluctuate as securities mature or get called. Staff is in the process of investing the Money Market funds over several months. We will be adding an additional broker to provide more investment options.

### ***Fiscal Agent / US Bank –***

Unspent bond proceeds and required bond reserves are invested by the Fiscal Agent in accordance with the bond documents.
