

- **Residential Energy Conservation/Weatherization Rebates**

Program Description:

This program provides monetary incentives for residential electric customers to purchase, replace and install conservation measures that will improve the energy efficiency of their homes and reduce energy use. Customers can receive rebates for a variety of energy saving efforts alone or together. They include: Window/Door Replacement, Attic Insulation, Exterior Wall Insulation, and Whole House Fans.

Qualifying products, ratings and incentives.

Conservation Measure	Minimum Rating	Rebate
Attic Insulation	R-19 R-30 +	20 cents per sq. ft. 30 cents per sq. ft.
Exterior Wall Insulation	R-13 +	10 cents per sq. ft.
Sliding or French Door Replacement	Energy Star rated	\$3.00 per sq. ft.
Window Replacement	Energy Star rated	\$3.00 per sq. ft.
Whole House Fan	Energy Star rated. Installation charge will not count	Up to \$100 for permanently installed in attic

Program Guidelines:

- This program is available to the City of Banning residential electric customers.
- Applicant must be a City of Banning electric customer. If the applicant is a tenant, the property owner must sign the rebate application prior to its submission.
- The incentive cap is \$1,500 per customer per calendar year.
- Qualified products must be installed and in operation at the customer's service address.
- The level of incentive is based on the qualified product's rating. Rebate amount cannot exceed the purchase price of the new product.

- Products must meet or exceed ratings, and are subject to approval by the City of Banning..
- Energy Star rated products can be found at www.energystar.gov.
- New construction does not apply; replacement/retrofits only.
- Rebates of \$500 or less will be applied to the customer's electric account. Customers receiving \$501, or more, in rebates will receive a rebate check.
- **A copy of the original, dated invoice or sales receipt must be provided, and is subject to verification.**
- **The receipt must note the Retailer/Contractor and/or customer name, address, phone, manufacture's name, model number type of insulation, energy factor on windows/doors, quantity and the size of each new window replaced, and purchase price for each product.**
- **A copy of the Certification & Inspection report for insulation installation must be attached to the application.**
- Complete and return the application and supporting documentation to: **City of Banning, Public Benefits Department, 176 E. Lincoln Street, Banning, CA 92220.**
- The application and supporting documentation must be submitted within 180 days of purchasing and/or installation of the qualifying materials, or completion of the project, whichever is applicable, in order to qualify for a rebate.
- Itemized description of each product, including such information as:
 - ◆ Manufacturer, product make and model number(s) and other identifying information.
 - ◆ For Insulation need a copy of the Certificate from the contractor and total sq ft. installed.
 - ◆ For Windows & Doors we need the size of each window/glass replaced.
- Rebates will be paid to the electric customer of record only. The name on the invoice must match the name on the electric customer account.
- In the event it is determined through inspection that one or more of the products do not meet eligibility requirements as set forth in the guidelines, City of Banning may recover the amount of the incentive paid to the customer for the ineligible product(s).
- Rebates will be issued within 4 to 6 weeks after verification of submitted paperwork.
- A home or on-site audit will be conducted within 12 months after the application has been processed. Disparities discovered during the audit may result in a rebate reversal.
- Program will continue provided funds are available.
